1. Background Information, Proposals and Timetable for Implementation

- 1.1 The North of Tyne Culture and Creative Zones programme is a place-based approach to investing in the development, sustainability and growth of the culture and creative sector, whilst regenerating high streets and local centres, and improving quality of life for local communities. The ambition is to establish North of Tyne as a supportive and attractive environment for creative and cultural businesses and practitioners to locate, start-up, grow, and flourish. The Zones will do this by investing in a range of interventions including: affordable creative workspace; business support; skills development; and community engagement. Each Zone will provide a visible access point through which creative people and businesses from anywhere in North of Tyne can access opportunities and support.
- 1.2 In March 2022, Cabinet agreed £5.235m for the Culture and Creative Zones programme focused on three Zones in Newcastle's Clayton Street Corridor, North Shields Town Centre and Berwick-upon-Tweed. This included:
 - approvals for the Newcastle Clayton Street Corridor and the North Shields Cultural Quarter Zone projects;
 - an allocation for the Berwick Zone, with a delegated authority to the Chief Executive, in consultation with the Mayor, appropriate Cabinet Member and Investment Panel, to approve funding for the Berwick proposal led by Northumberland County Council, subject to satisfactory completion of a full business case.
- 1.3 Following completion of an external appraisal of the full business case, approval of funding is now sought to support the development of the Berwick Zone. NTCA Investment Panel considered the proposal on 14th September 2022 and recommended to the Chief Executive that the £1,500,000 funding should be approved.
